

# Networking

## Partners

IKT's main cooperation partners are the two IKT associations:

- IKT-Association of Network Operators with more than 130 public sewer operator companies
- IKT-Association of Industry with more than 70 companies from the private sector such as pipe producers, rehab contractors, engineering consultancies

IKT has also close contacts to universities and academic institutions. Further, IKT experts are members of various standardisation committees and professional associations.

<b>IKT-Association of Network Operators</b>	IKT-Förderverein der Netzbetreiber e.V.
<b>IKT-Association of Industry</b>	Verein der Wirtschaft zur Förderung des IKT e.V.
<b>University of Bochum</b>	 The logo of the University of Bochum (RUB) is displayed, consisting of a dark blue square with the white letters 'RUB' in a bold, sans-serif font.
