## Training and Knowledge Sharing

### Seminars, Workshops, Conferences and Courses

#### HIGHLIGHTS

---

Prof. Dr.-Ing. Bert Bosseler,  
Scientific Director of IKT

#### IKT Certified Sewer and Pipe Expert (CSPE)

**Boost your career** – it is a key decision for your career and for your professional future! You can start the course whenever you are ready.

- Online Lectures, plus Textbook Learning
- Individual Online and Personalized Sessions
- Blended Learning
- Ideal for Newcomers

- Certificate from IKT
- Boost your career – Start the course now!

Get in touch with Prof. Bosseler and arrange your own personal start date!

### **International Conference 2026: AI, Drones, Sensors and Robots for Smart Sewers and Urban Drainage**

**11 – 12 February 2026**

#### **Key topics for Smart Sewer Systems and Urban Drainage:**

- AI – How digitalization can transform their management
- Drones and Robotics – Improving safety and cost-effectiveness
- Robotics – Automating maintenance for efficiency
- Sensor Technologies for Inspection & Real-Time Data – Enhancing decision-making
- Predictive Analytics – Preventing failures before they happen

## Manhole Rehabilitation

**Online: 13th November 2025**

- Are you familiar with manhole rehabilitation?
- Would you like to gain knowledge of wall surface preparation?
- Do you want to gain expertise in the lining and coating of manholes?
- Would you like to refresh your knowledge in a compact and targeted approach?

Course Programme and Registration

## CIPP Liner for Sewer Rehabilitation

**Online: 19th November 2025**

„CIPP lining is the leading trenchless sewer rehabilitation technique but requires effective quality assurance by municipalities and network owners,“ says Prof. Dr. Bert Bosseler, our Scientific Director. In this workshop, he and Dieter Homann, Director of Materials Testing at IKT, will provide key insights into quality assurance for CIPP liner installation from the municipality/network owner’s perspective.

- What are the different CIPP liner processes?
- Which quality inspections and tests are really important?
- What needs to be considered with CIPP liners for pressure pipes?
